

TELEVISION WORTH WATCHING!!!

It's no secret that we live in a society that's headed in direction that is not going to end well. I could spend a lot of space telling you about crime rate, drugs, gangs, sexual abuse, violence etc... however I'm sure I wouldn't be telling you anything you don't already know. Maybe you are a victim yourself.

I want to tell you that it doesn't have to be that way.

One evening I received a call from a woman that told me she was in trouble. She had been arrested for possession (meth). She was also being charged with breaking into her lawyer's home trying to find money to buy more drugs and was facing several years in prison. She spent the next hour telling me of the things she had done because of her addiction. Strangely enough she was one of the happiest people I have ever talked to. It seems that when she was at her lowest point, filthy, hungry, having withdrawals and in jail, she cried out to God to take away her desire for drugs, and He did. Her husband was also on the line and confirmed her story.

There is real power in knowing what is true and you will find it on channel 38 here in Lawton. You won't see any glitz you won't see any glamor, they're not going to tell you that if you send them money you will achieve great wealth. What they are going to tell you is that change is coming and how you can survive.

Channels 38.1, 38.2, 38.3, 38.4 are over the air stations that can only be received by an antenna that can be purchased at Wal-Mart or Radio Shack. An indoor antenna will work in most of the Lawton area. After connecting the antenna rescan your digital TV.
